

Abbie Reece Interior Designer

Abbie is the daughter of a drama teacher and musician – her parent’s philosophy was simple – give her blocks and let her create. This simple idea has manifested itself in her sophisticated approach to design, celebrating the ‘blank canvas’ to create fresh ideas from the conceptual realm of design and bring it to reality. Abbie embraces the opportunity to translate her ideas into the experiential and firmly believes that architecture+interior design are one thing – proven by her dual degree – a truly unique education that provides her professional platform to create.

As Director of Interiors at OSA, Abbie works to foster an office culture focused on great design, mentorship, and growth. Outside of the office, she demonstrates strong client relationships by providing exceptional care & attention at every point of the design process + project experience.
